**Robinson & Cole Shows Commitment to Community, Diversity, and Education at
Special *Gee's Bend* Reception at Hartford Stage**

HARTFORD, CT (February 19, 2010) –The law firm of Robinson & Cole recognized its commitment to diversity, education, and the local community at a private reception prior to the Hartford Stage performance of *Gee's Bend* on February 3, 2010.

During the reception, Robinson & Cole presented a check for \$2,500 to the Connecticut Science Center's director of development, Ronald L. Katz. The Connecticut Science Center offers endless exploration for children, teens, and adults with 150 hands-on exhibits, a state-of-the-art 3-D digital theater, four educational labs, and daily programs and events. From physics to forensics, geology to astronomy, it offers exciting tools to help educators and parents bring textbooks alive, helping them enthusiastically embrace science at school, at home, and in their communities.

Robinson & Cole, a longtime supporter of Hartford Stage, is a production sponsor of *Gee's Bend*. *Gee's Bend* is the story of a group of women from Gee's Bend, Alabama, who transform their community with their magnificent quilting works of art. The play follows their journey through story and song as they triumph over the struggles of racial segregation and geographic isolation to achieve economic freedom.
